In Term Swimming

Welcome to the final newsletter of Term 2.

Thursday, 21st of June has seen our final winter sport event with the **CDSSA Lightning Carnival** being played for football, netball and soccer at various venues across the greater Fremantle/Cockburn region.

Caralee again performed well with Footy notching up their **first win** against Samson Primary School, and Netball B **winning their division**. Soccer (again) **made it to the finals** and **all the children represented Caralee with pride and exceptional behaviour**.

Home and Away results for other schools are still being played with other schools but there will be some exciting news for Caralee teams next term when that competition is complete.

Report time is always an opportunity to review your child's academic and social performance based on

the results and comments provided by teachers.

The system now in use for schools across Australia involves 'plain speak' reporting with A, B, C, D & E grades (word equivalents for PP - Yr 2), which were brought in a number of years ago now. Parents still often worry unnecessarily about their child receiving a 'C' or 'Satisfactory', however these grades mean that your child is on track in Semester One to achieve all that is expected of their year level for that subject. 'B' & 'A' (good or excellent) reflect a much deeper achievement of the standard moving into elements of the year above. Please do not hesitate to contact your child's teacher via the office if you wish to seek more information about school reports.

Parking is an issue for many schools, with the City of Melville determining the number of bays available based on our numbers. Complaints about parking should

be directed there, and particularly in relation to the driveway and parking area on the corner of Clause Street and Winnacott Street. Parents shouldn't park along the driveway off Winnacott Street or across the path on Clause Street due to blocking drivers and endangering pedestrians. The City Ranger has been asked to attend this area with a view to keeping our students safe.

Finally, I would like to take this opportunity to thank all parts of the school community for a fantastic Term 2.

Our students are going from strength to strength, and parent & community support through the P&C and School Council, or volunteering in classes, is greatly appreciated by teachers and the children.

Have a safe and restful break, and we will see everyone back Tuesday, 17th July 2018.

Supporting Caralee Community School since 2008

Thank you to all those who participated in the recent "Story Dogs" fundraiser and helped raise \$194.10 for the Story Dogs literacy program

CARALEE COMMUNITY SCHOOL
P & C Fundraising

*Ask Questions
Be Involved*

CCS P & C information night "Kids and Anxiety" was held on 11th June. Thank you to Gemma Lee from Resilience Kit for hosting an informative and enlightening seminar. The P & C will be emailing a PDF version of the seminar to all attendees who came on the night as well as some additional links. If you wish to receive further information please contact Gemma direct gemma@resiliencekit.com.au

Uniform Shop will be having an End of Financial Year (EOFY) sale at the Dance Concert on the 29th June starting at @ 9.00am (concert starts @ 9.30am). Trestle table will be set up near the under-cover area to sell off old stock – come and grab a bargain before the price increases kick in. Due to supplier cost increases, there will be an upcoming price increase on a number of uniform items commencing in Term 3 – details of new prices to be circulated prior to start of Term 2 once new price list has been finalised.

CELEBRATING NAIDOC WEEK 8—15 July

NAIDOC : National Aborigines and Islanders Day Observance Committee

- During the **school holidays**, how about exploring local wetlands and appreciate how Aboriginal seasons were created
- Visit the *Bidi Katitjiny Aboriginal Women's Trail* at Piney Lakes, Melville and reflect on the history of the "unique relationship to Noongar people, especially women" ([source: www.melvillecity.com.au](http://www.melvillecity.com.au))
- Understand how Aboriginal people found and preserved water sources by having a strong connection to their environment
- Find out the different ways that Aboriginal people communicated locations of water sources
- Look up Noongar words for water using a [Noongar Dictionary](#)

Is YOUR YEAR 6 Enrolled in High School?

All Year 6 students must be enrolled at high school by the end of this term, 30 June 2018.

Late enrolment may mean students miss out on choosing options for next year's subjects and Transition Day activities. If an offer comes from an alternative school, families can cancel the first application.

Submit an application for enrolment at your local school as soon as possible along with copies of:

- Your children's birth certificates
- Your children's immunisation records
- Three forms of proof of your current address

GEE DADS had a great Fathering Project afternoon at Superbowl on 10th June!

Thanks to all the dads who came along with their kids and shared in the fun, laughter and cheer. A few surprises with a tie breaker for highest individual score and even a huge smile from the "winner" at the other end of the score card!

Visual Arts Mrs Craen

Therapy Focus 2018 Art Competition

This year, Caralee Community School once again registered for the

Therapy Focus 2018 Art Competition.

Students created artwork that illustrated the pages of a supplied storybook entitled "If I Met a Baboon Who Lost His Balloon".

This year's storybook has been written by local teacher, author and artist, Sean E Avery, and encourages readers to look past differences and celebrate the unique abilities of every individual.

The 20 winning artworks will be published as illustrations in the storybook, which will be unveiled at a Book Launch event attended by the winning students, their families, teachers and school principal. Winners will also be awarded with a copy of the storybook, their framed original artwork and a prize pack courtesy of our sponsors.

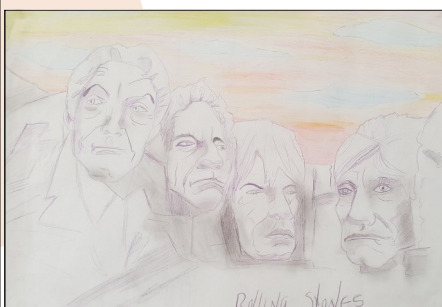

Judging: A group of Therapy Focus employees will conduct the initial round of judging to select the 100 finalist artworks – five for each of the 20 pages of the storybook. A panel of VIP judges, including representatives from Therapy Focus' Board of Directors and sponsor organisations, will then select the 20 winning artworks to feature as illustrations in the published storybook. The author of this year's storybook, Sean E Avery, will select the winning artwork to be published on the cover. The names of the finalists and winners will then be announced on **Monday, 16 July** with the start of Term 3 via our [website](#) and [Facebook page](#).

Art Competition: This year, an exhibition of the 80 finalists and 20 winning student's artworks will go on display at the **Perth Town Hall** in August to coincide with *National Children's Book Week*. Entry is free and we invite schools, students and members of the community to come and view the creative and colourful artworks on display. 10am - 4pm Monday 20 August – Saturday 25 August Perth Town Hall, Corner of Hay Street and Barrack Street, Perth.

Because we had such an outstanding result from all students that participated and handed their work in on time, Mrs Craen and two guest judges will be judging the students' Therapy Focus art entries in the art room and will announce several winners at the next B2 assembly.

Art Extension Mrs Craen

The **Art Extension** program has been up and running since the beginning of Term 2, and students have been busily drawing and learning about the elements of Art.

They have been using the element of "Tone" in their monument drawings and have been building mini "Groots" out of their clay, which they then will be working as a group to build a larger scale model of "Groot".

Clay

Why is clay beneficial for children?

- encourages creativity
- spatial awareness
- helps develop hand eye co-ordination and fine motor skills
- perspective
- uses their imagination
- self expression
- builds confidence

This term, students have been learning step by step instructions on how to make an animal body out of self drying clay. From here, Upper Year students use their imagination to create either a zebra, dinosaur, unicorn or mythical creature. Lower primary school students have been making either an elephant, penguin or zebra. They have also made an enclosure for their clay animal.

Clay model by Tayla (B2)

Clay model by Monet (B2)

Save yourself and the family some money over the school holidays with the new 2018/2019 Entertainment Book.

Books are available from the Caralee Community School front office or you can order a digital copy online here:
