Welcome everyone to our mid-term newsletter. As most parents would be aware, we are sending more timely 'whole school' articles and information digitally on **Updat-ed**, but maintaining a traditional newsletter by email and hard copy for those who request it three times a term. **Connect** is for class updates and semester summative reports, and remains our teachers' direct link to parents.

A timely article regarding the school that appeared in the *Sunday Times* recently was about **Story Dogs at Caralee**. We are very grateful that **Linda Williams**

brings her dog, **Rambo**, to read with some of our children. The kids get a great lift out of the attention they get from 'man's best friend', and I think Rambo enjoys the attention too. Year 5 student, **Brendan Miller**, and Rambo presented very well in the article, which is available to those receiving this by e-news by clicking on the

Perthnow link [here](#).

The **P&C Colour Run** is fast approaching on Friday 14th of June over at Winnacott Oval. So far, B4 has raised the most money in Junior area, and D4 is in the lead in the Upper school. All money raised goes to supporting our school and providing extra equipment and support for students. Notes will continue to come home, and I know parents will be reassured that the colour is all natural and derived from corn starch. If you have any questions or queries, please contact Deputy Principal Darron Acott.

Our sporting teams are busily preparing for Inter-school later in the term. Rather than play at various schools around the district, our local inter-school sporting association has decided to play the

fixtures on one day to reduce the cost of buses to parents. We will see if this approach works for the future. We are mindful of costs to parents, particularly now Activelink is no longer available to Health Care Card holders. This is why our Year 6 fundraising group were so busy, led by parent Meredith Hathaway, in raising money to reduce the cost of camp. I understand that they have reduced the cost of camp by approximately \$100.00 per child due to their efforts! The P&C were similarly busy at the election, and it was great to catch up with current and ex-families exercising their right to vote (and buy P&C bacon & egg rolls). My thanks to all the parents who supported this fundraising.

As we head towards the second half of Term 2, I look forward to seeing parents at various events, including **Book Fair** which is later in the term.

When is the sprinkler ban in place?

A permanent winter sprinkler ban applies to all scheme and bore water users in Perth, Mandurah and some parts of the South West, from 1 June to 31 August each year.

Hand held watering and maintenance testing of bores is still permitted, but anyone using their sprinklers between June and August risks a \$100 fine.

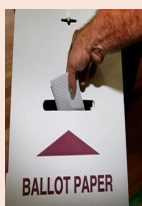

A malfunctioning irrigation controller is not an excuse for not complying with the winter ban, so check the settings on your irrigation system – especially after a power outage.

This term in Art, we have a lot of exciting things happening.

Some classes have been looking at indigenous art, including x-ray style drawings and dot painting.

Other classes have been investigating Zentangle patterns and designs. D4 has started on their Zentangle minibeasts, which are already looking great.

We are also making mandala's, and doing some perspective drawing.

The photo below is a hint of another exciting project that will be happening later on this term in Art. Stay tuned for some amazing and creative art work being displayed in the art room and around the school!

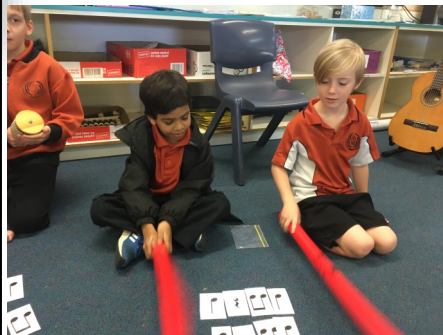

Music Mr Matthew Ryder

Senior students are strumming away on the ukulele at the moment, practising chords and perfecting popular songs to perform with their classes. Like learning any new skill, the students are using their patience; understanding that we don't always get things right the first time we try them.

Junior students have been arranging different rhythms and performing them with un-tuned percussion instruments.

The choir is continuing to practice their repertoire ahead of the *One Big Voice* Festival next term. All the songs are sounding fantastic - the next step is the choreography.

As our *Positive Behaviour Support* approach continues to gather momentum, the staff recently gathered to collaborate on the development of our Student Behavior Matrix and determining our three Core Values. These three values are currently about **respect, responsibility** and **doing our best** in every area of education.

We continue to identify and define explicit behaviours that we expect from our students, and what our school community would value. These behaviours will align with our current T.E.D. values program and continue to be explicitly taught in a planned sequence throughout the year.

We hope to attend the third stage of our training next term after clearing some demands including reports, reviews and the NAPLAN testing schedule, which all present a range of challenges on our resources.

Meanwhile, we have a terrific dance incursion arranged for the end-of-term-reward this term, which we're all looking forward to.

The *Positive Student Behaviour & Good Standing Plan* can be found on our school website
